ORDER EXTENDING DEADLINE FOR MOTION

A prehearing conference was held in this proceeding on November 19, 2010. At the conference, Association of Public Agency Customers ("APAC") objected to limitations on the scope of the proceeding set forth in the Federal Register Notice dated Thursday, November 18, 2010 (Vol. 75, No. 222). The Hearing Officer determined that APAC should file a motion specifiying its objections and that the parties should have an opportunity to respond. The motion is due November 22, 2010. Responses are due November 30, 2010.

The filing dates established for APAC's motion create a procedural problem because the service list for this proceeding has not yet been established. Petitions to intervene are not due until November 24, 2010. Objections to intervention are not due until November 29, 2010. For this reason, the due date for APAC's motion is extended to December 1, 2010. The deadline for responses to the motion is extended to December 8, 2010.

All documents must be uploaded to the 2012 Rate Adjustment Proceeding Secure Website by 4:30 p.m., Pacific Time, or sent via email, as appropriate, by the date and time stated above.

SO ORDERED, November 22, 2010
